Sonipat / Delhi NCR, India

ArtStation - Khushi Gupta

PROFILE

Dedicated Animation & Game Design student with strong interest in 3D modeling and environment creation. Skilled in Maya and Unreal Engine, with hands-on experience in building assets and real-time lighting aneries.

EDUCATION

Bachelor's in Animation & Game Design
World University of Design
2023 - Present

Higher Secondary (Class XII)
Banasthali Board - 2022

Secondary Education (Class X)
CBSE Board - 2020

Soft Skills

- Creative
- Detail-oriented
- Quick learner
- Problem-solver
- Self-motivated

Projects

Detailed hard-surface car modeled in Autodesk Maya and rendered in KeyShot. Focused on clean topology, accurate proportions, and realistic materials and lighting.

Small environment created with attention to scale, composition, and lighting. Designed to support the main asset while maintaining visual balance.

Game-style prop/environment inspired by a realistic post-apocalyptic theme. Created using a game-oriented workflow with focus on mood and believable details.

SOFTWARE SKILLS

Maya, Substance Painter, Unreal Engine, Unity, KeyShot Studio, Photoshop, Illustrator, Marmoset Toolbag, Illustrator.

HOBBIES

- Listening to Music
- Traveling
